Complete Audit	9,450.00 EUR	7,560.00 EUR²⁾	4,725.00 EUR³⁾

1) A DCSA audit and DCSA license is valid for 24 months beginning with the audit date.

The audit date is the day when the audit results and classification were communicated to the data center operator.

2) The price applies for the complete audit of the second data center if the data center operator has another valid DCSA license at the time the order is placed.

3) The price applies for the complete audit of the third or higher data center if the data center operator has at least two other valid DCSA licenses at the time the order is placed.

4) Prices for the subsequent audit of a data center apply only if the DCSA license expiration date for this data center was not more than three months prior to the date the order is placed. Otherwise the first audit prices apply.

Annex 3 to the eco Data Center Star Audit Agreement Price list

Service Packet **Amendment Audit**⁵⁾

(only possible after an audit has already been completed)

eco-members

Amendment Audit (done no later than 6 months after the audit report announcement)	1,500.00 EUR
---	---------------------

eco non-members

Amendment Audit (done no later than 6 months after the audit report announcement)	1,500.00 EUR
---	---------------------

- 5) After the audit, the data center operator receives a detailed audit report. This report lists (if any) GAPs and the removal thereof can lead to a re-evaluation of the audit result and possibly to a higher DC Stars classification (2-5 stars) by way of an amendment audit. The application for an amendment audit has to be sent in writing to eco no later than 4 weeks after the audit report was announced. The amendment audit has to be done no later than 6 months after the audit report announcement. The amendment audit does not change the validity date of the existing audit. The amendment right can be exercised several times in a row. If there is an improvement in the audit result, a DCSA license is only granted after the amendment audit was done.

Service Packet **DCSA Preparatory Workshop**

eco-members

DCSA Preparatory Workshop (1 day on location at the data center)	1,500.00 EUR
--	---------------------

eco non-members
